

UW FRIDAY HARBOR LABS MARINE BIOLOGY QUARTER

Spring 2018: March 25 to June 2

For undergraduates from all backgrounds (science & non-science majors) interested in the marine environment.

Live on beautiful San Juan Island & experience immersive learning on the UW FHL campus!

Course Options (enroll in 12 or more credits):

- Marine Mammals of the Salish Sea (FHL 375, 5 credits)
- Intro to Probability & Statistics (QSCI 381, 5 credits)
- Science Writing for Diverse Audiences (FHL 333, 3/5 credits)
- Indigenous History & Environment of the Salish Sea (HSTAA/AIS 311, 5 credits)
- Integrative Oceans (OCEAN 210, 4 credits)
- Marine Sciences Seminar (FHL 490, 1 credit)

What's Friday Harbor Labs?

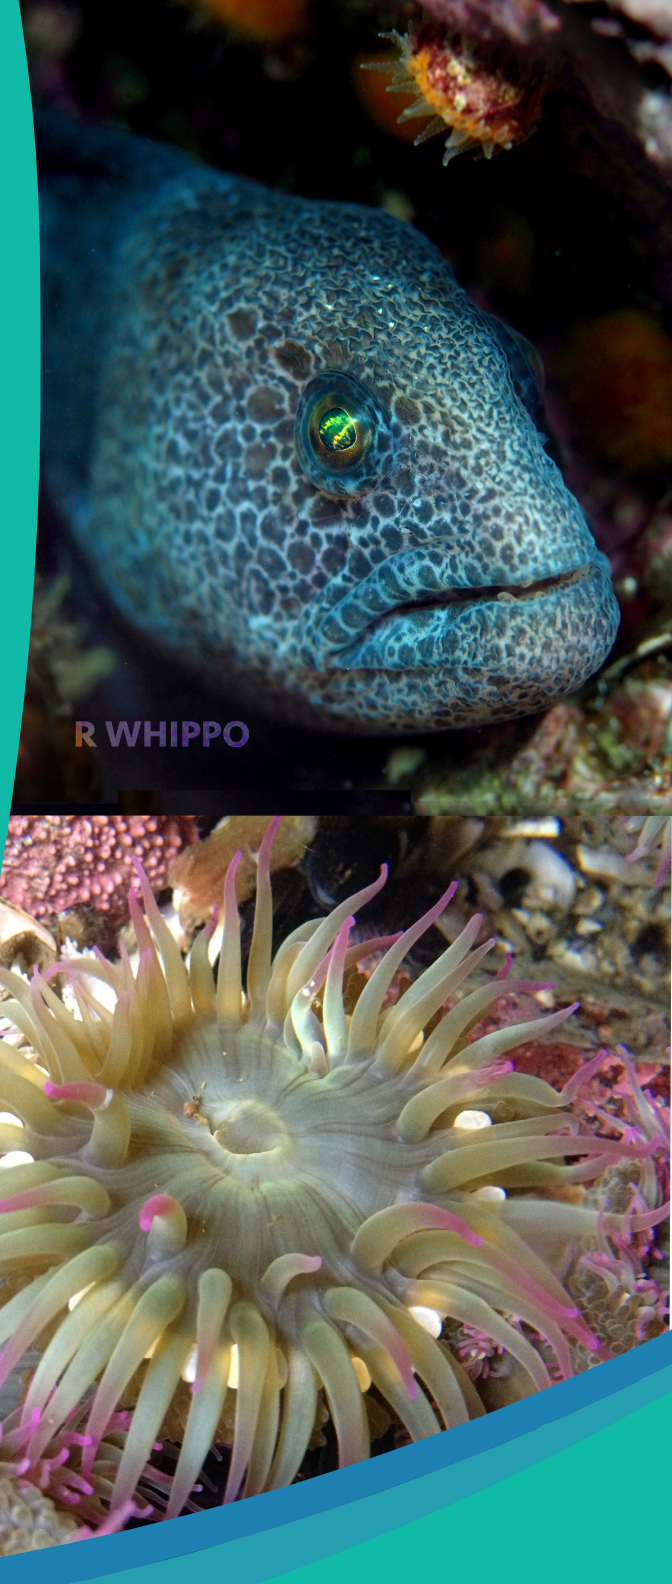

It's a UW marine station located along the quiet shores of San Juan Island, 80 miles northwest of UW Seattle campus.

Where will I live during the quarter?

You'll live in FHL dorm rooms or huts, and eat your meals in the FHL Dining Hall.

How much does the program cost?

As a UW student, you'll pay exactly the same tuition as you would in Seattle! Other expenses are FHL dorm housing and meal plan, comparable in price to dorm room and meals on UW Seattle campus.

APPLY NOW - Deadline February 1

Early applications encouraged. Late applications accepted if space is available. For details, visit www.fhl.uw.edu and go to "Courses."

Questions? (206) 221-4098 or holthuis@uw.edu

Why Study at FHL?

- Small classes (usually < 20 students)
- Shoreline living, steps away from the water
- Experiential learning in field & lab
- Opportunities to interact with marine scientists and learn about their research.
